

Compost Observation Recording Sheet

Day 1

Appearance

1) What items can you recognize in your compost?

2) How do you think your compost will change in 1 week?

3) Organize the compost materials in the order that you think they will decompose (quickest-slowest).
Rationalize your prediction.

Odor

1) Is there an identifiable odor? If so, what do you smell? Is it an offensive odor?

2) Do you expect the odor to change? Why or why not?
